ABOUT ME

I've been married for 18 years. My wife and I have two boys 13 & 10. Software development started off as something I enjoyed and turned into my occupation!

Getting into the Master's Program would benefit me in many ways. I cannot wait to start!

SKILLS

C#
X++
VB
JavaScript
jQuery
Bootstrap
CSS
HTML5
SQL Server
MySQL
AWS
Azure
Linux
Windows IIS

EDUCATION

Bachelor's Business Administration
University of Louisiana @ Monroe
1999 -2002 / 2011-2013

Diploma
West Ouachita High School
1995-1999

EXPERIENCE

Detective

West Monroe Police Department 2004-2010

I worked my way up through patrol division. Ultimately ended my career as a detective on a street crimes unit.

Supervisor

Allied Building Stores 2010-2018

I supervised a light manufacturing operation for exterior door units and a distribution center.

- Supervised the workflow of around 20-25 men
- Worked with IT to implement a new ERP system and took the distribution center from paper to advanced warehousing

Software Developer

Allied Building Stores 2018-present

- Worked with cross-functional teams to re-architect a web app
- Focus is on full stack development of website applications, Console Apps and APIs with emphasis on C#, sql server, html5
- Created CICD pipelines from GitHub to Web Apps in Azure and AWS
- Continually work with management, company stakeholders and customers to deliver quality products to our end users.
